SEED GROWERS AND WHOLESALE MERCHANTS

Nos. 47 to 54 North Market Street

BOSTON, MASS.

## Wholesale Trade List.

The unfavorable weather which prevailed in all of the seed-growing districts of this country and Europe during the growing and harvesting seasons of 1909 has again caused very short crops of many important families of garden seeds.

Beets, Lettuce, Cucumber, Melon, Radish and some varieties of Wrinkled Peas are especially scarce and will be difficult to obtain long before the end of the planting season of 1910. The prices we now quote on these as well as on other goods herein listed are low and we trust will prove sufficiently attractive to cause you to place your order with us at once.

### TERMS OF SALE.

**VEGETABLE AND FLOWER SEEDS.**—Net cash, June 1. A discount of 1 % per month for unexpired time allowed for cash.

**FIELD PEAS, GRAINS, GRASS, BIRD and other MISCELLANEOUS SEEDS AND ONION SETS.**—Net cash 30 days, without any discount whatever. All bills not paid at maturity are subject to sight draft.

Remittances must be made direct to our Boston office.

The prices named are F.O.B., Boston, and are subject to change without notice. We do not bind ourselves to quantity. Orders will be filled at lowest prices the market warrants at date of shipment. Firm quotations made when desired.

All claims for shortage, errors or overcharge, must be made within five days after receipt of goods.

All orders received are subject to our approval and will be accepted only on condition that we shall not be held liable for damages for failure to execute the same, through fire, flood, strikes or any other cause beyond our control.

**NOTICE.**—While we exercise the greatest care to have all **Seeds, Plants, Bulbs and Nursery Stock** of the best kind, we do not give, and our agents and employees are forbidden to give any warranty, expressed or implied. If you do not accept these goods on these terms, you must return them at once, and all payments therefor will be refunded.

JOSEPH BRECK & SONS, (CORPORATION.)

The Telegraphic Cipher attached to each variety, if used in connection with the code for quantities, will enable customers to wire us orders at small expense. Prefix the word, **Freight, Express or Mail**, to designate the manner of shipment desired. The code word for quantities must always precede the words for seeds, although if the same quantity of several varieties is wanted, the quantity word need only be placed before the word for the first article ordered. For example, "Freight Quapode, Bandy, Baker, Bantam, Quonopsy, Brabast, Capture, Clabrate," means, "Send immediately by first freight ten bushels each Horticultural, Yellow Six Weeks and Low's Champion Dwarf Beans, also five pounds each Arlington Early Turnip Blood Beet, All Season's Cabbage, and early Half Long Scarlet Carentan Carrot." "Express Quapepsy, Brew," means, "Send immediately by express fifty pounds Breck's Mammoth Long Red Mangel Wurzel." "Mail Quantomia, Chemic," means, "Send by first mail post paid, two pounds Premium Late Flat Dutch Cabbage."

**NOTE.**—Code used in this list is adopted by the American Seed Trade Association.

## FOR GOOD RESULTS USE BRECK'S HIGH GRADE SEEDS.

### OLD HOMESTEAD POP CORN.

Lovers of pop corn will appreciate the Old Homestead brand of White Rice Pop Corn. No shelling, no dirt, no insects, no disappointment. It is one year old before being packed, thus ensuring good popping qualities. We clean this corn by a new process that frees it from dust, dirt, insects and other impurities. All the corn we pack is especially grown for us in New England, is cured in the old-fashioned way; consequently is not only clean, but is free from mixed and flinty kernels which do not pop. For Corn Balls, Candied Pop Corn, and Nuggets, the Old Homestead will be found superior.

Put up in 24 and 36 lb. packages.

SEEDS IN BOXES.

We put up in beautifully lithographed envelopes, and pack in neat boxes, seeds of the leading kinds of vegetables and flowers. The vegetable seeds are *put up by weight and each package contains about four times as much seed as is usually found in the commissioned box packages.* The packages of flower seeds are also more than double the usual size. The quality in every instance is the same as we sell at retail over our counters, and we believe planters will be fully satisfied with results.

Box Vegetable Seeds, containing 200 packages . . . . .	\$5.00
“ Flower “ “ 150 “ . . . . .	2.25

We do not send these goods out to be sold on commission.

BRECK'S STANDARD LAWN GRASS SEED.

We supply Breck's Standard Lawn Grass Seed either in bulk or put up in 1-qt. cartons, 2, 4 and 8-qt. green bags.

We have given much thought and made many experiments in order to ascertain just what is the best mixture for permanent lawns, and the grasses which are best suited to this climate. By the proper blending of the varieties which constitute Breck's Lawn Grass, we have obtained a mixture that from early spring to late fall will give to lawns made with it that rich, deep green so often admired upon the lawns and parks of England, but so seldom seen in this country. Sow at the rate of four bush. per acre.

Per bush. of 20 lbs., \$3.75. 10 bushels, per bush., \$3.50. Per case of 32 one-qt. pkgs., \$3.75.

BOSTON PARK LAWN GRASS.

The same mixture as supplied by us to the City of Boston Park Commissioners, for sowing on the parks administered by them. Sow at the rate of sixty-four lbs. per acre.

Per lb., 25 cents. Per bush. of 32 lbs., \$6.50.

BRECK'S "SHADY PLOT" LAWN GRASS.

This is a mixture of grasses that are naturally adapted for growing under trees and in places where the sun does not find ready entrance. Per bush. \$3.75.

BRECK'S BANK AND TERRACE GRASS MIXTURE.

A mixture of deep-rooting grasses specially prepared for embankments and situations where it is impractical to get a successful catch of the less-spreading rooted sorts. Per bush., \$3.75.

PRESTWICK GOLF GRASSES.

A series of mixtures modified as experience warrants for our needs, that we are sure surpass any hitherto offered in the United States.

- No. 1. For Putting Greens. Sow at the rate of eighty lbs. per acre. Per lb. 17 cents.
- No. 2. For Courses, light and dry soils. Sow at the rate of fifty lbs. per acre. Per lb. 15c.
- No. 3. For Courses, low and damp soils. Sow at the rate of fifty lbs. per acre. Per lb. 12c.

Breck's Hygienic Brand  
Chick Food.***

***To Make Hens Lay  
Use  
Breck's  
Complete Poultry Feed.***

### ***BRECK'S HYGIENIC BRAND CHICK FOOD.***

*A scientifically proportioned mixture which will meet every demand of the growing chick, and supply without excess of fat, the food necessary to produce and sustain vigorous health. There is nothing in this preparation that is at all likely to induce indigestion or diarrhoea, but on the contrary, it is so balanced in its constituents as to in a large measure make these troubles impossible where cleanliness and proper brooding conditions exist. It also contains the bone-forming properties that prevent leg weakness. It is high in protein, the flesh and muscle forming elements. There is sufficient mineral material to supply the needs of the bone structure of the rapidly growing chicks, while it is low in carbohydrate, the fat-forming element, which, where in excess, causes sickness and loss.*

*No other feed is necessary for the first eight or ten weeks. Feed dry. Price, 100 lb. bags, \$40.00 per ton.*

### ***BRECK'S COMPLETE POULTRY FEED.***

*We have frequently been asked by many of our patrons to put up in a convenient form a complete Poultry Feed. In response to the above requests, after a great many experiments, we offer in Breck's Complete Poultry Feed what we believe is the best food for poultry that is on the market today.*

*Great care has been exercised in the selection and balancing of the materials of which it is composed. It is being used in large quantities by many of the most successful Poultry Raisers in New England, and is without doubt the best Food of the kind sold at the present time. Feed dry. Price, 100 lb. bags, \$41.00 per ton.*

### ***BRECK'S MASH EGG FOOD.***

*It is a properly balanced meat and cereal preparation, and is one of the best egg-producing foods we know of for poultry that do not have large runs; it is just what is wanted to keep them in good vigorous condition. Can be fed wet or dry. Price, 100 lb. bags, \$40.00 per ton.*

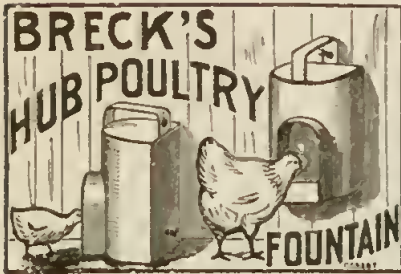

### ***BRECK'S CUT ALFALFA.***

*The best known green food for poultry. DIRECTIONS FOR FEEDING:—Pour on boiling hot water, cover, let steam an hour, then mix with usual morning mash at the rate of one-third alfalfa to two-thirds the regular ground grains. Price, 100 lb. bags, \$31.00 per ton.*
